## MBS Personal Care Science Career Panel

April 6, 2016  
6:30pm-8:30pm

Room 701 CoRE  
(Executive Boardroom)

The Rutgers Masters of Business and Science Program and the Center for Dermal Research at Rutgers University are proud to present a unique opportunity for students to learn about varied careers in the field of personal care science.

### Panelists include:

- **Ricardo Diez**, *R&D, Fragrances and Toilettries*
- **Linda Foltis**, *Vice-president of Personal Care R&D at Ashland, Inc.*
- **Bo Michniak**, *Director of the Center for Dermal Research (CDR)*
- **Tom Branna**, *Editor, Happi Magazine*
- **Joe Matt** (MBS Alum), *Account Manager - Personal Care at Croda Inc.*
- **Ying Xu** (MBS Student), *Formulation Chemist, Johnson & Johnson*

The Master's of Business and Science (MBS) Degree at Rutgers is part of a network of Professional Science Master's programs that combine applied science and technology concentrations with targeted business courses. It is a unique program that is designed to provide the knowledge and applied work experience that students need to enter and advance in industry jobs. A core mission of the MBS program is to provide career-related educational and networking opportunities.

The Center for Dermal Research (CDR) is a premier dermatopharmaceutics research center in NJ conducting studies on topical and transdermal compound delivery, formulations, skin biology and skin tissue engineering. In addition, the CDR provides quality educational opportunities for its members and guests with year round events.

CDR's multi-institutional and industrial events include seminars, webinars, one-day courses, semester-long graduate level courses, an annual symposium (Innovations in Dermatological Sciences), and training courses.
